Maybe even better than free.

Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the other hand, using file can actually save you money. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Keep your files private, or send your download links only tofriends or family. filehosting provides an easy possibility for you to send large files to your friends. It is also allowed to link to the download page fromwebsites and communities. Simply upload your file and share the link. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. You can give this download link to your friends by mail or instant messenger. The cost of that data transfer is covered by your internet serviceor the data plan on your phone. So try our free and simple filehosting service now. You decide who you want to share your files with. Any file in any formatcan be uploaded and downloaded for free. There are no restrictions on the number of times a file can be downloaded. You don't need any special softwareinstalled to be able to download your files. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. This iseasy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files can be downloaded from any computer from our high speed servers. Noaccount or credit card is required to get started. File is free to use with no gotchas and no hidden fees. You can upload any type of file (movies, music,documents, images, zip files and more). Our service is completely free for everyone. Just upload the file you want to share with your friends and we send you adownload link to your file. We have no file size limit. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Usingfile, you can circumvent those limits without paying to upgrade your team chat service.
