Keep your files private, or send your download links only to friends or family. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You don't need any special software installed to be able to download your files. You can give this download link to your friends by mail or instant messenger. So try our free and simple filehosting service now. Using file, you can circumvent those limits without paying to upgrade your team chat service. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. filehosting provides an easy possibility for you to send large files to your friends. Simplyupload your file and share the link. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storagefees. Just upload the file you want to share with your friends and we send you a download link to your file. This is easy, fast and reliable filehosting! You don'tneed any kind of premium-accounts. There are no restrictions on the number of times a file can be downloaded. You decide who you want to share your fileswith. Our service is completely free for everyone. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chatapps have limits to the size of files that can be transferred within their apps. It is also allowed to link to the download page from websites and communities. Thecost of that data transfer is covered by your internet service or the data plan on your phone. If only we could, we surely would! On the other hand, using file can actually save you money. No account or credit card is required to get started. Any file in any format can be uploaded and downloaded for free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. F
