Maybe even better than free.

Keep your files private, or send your download links only to friends or family. The cost of that data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded. Our service is completely free for everyone. File is free to use with no gotchas and no hidden fees. So try our free and simple filehosting service now. Files can be downloaded from any computer from our high speed servers. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chat service. Just upload the file you want to share with your friends and we send you a download link to your file. We have no file size limit. Any file in any format can be uploaded and downloaded for free. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tendto pile up and be forgotten about, eventually costing you money in data storage fees. No account or credit card is required to get started. Your wallet will benonethe-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. If only we could, we surely would! On the other hand, using file can actually save you money. Alternatively you can chooseto share your download links on blogs, forums and social networking sites. It is also allowed to link to the download page from websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You don't need any special software installed to be able to download your files. You decide who you want to share y
