[careerhack.net/wp-content/plugins/formcraft/file-upload/server/content/files/1626c794f8bb66---a-manual-of-diseases-of-eucalyptus-in-south-east-asia.pdf](http://careerhack.net/wp-content/plugins/formcraft/file-upload/server/content/files/1626c794f8bb66---a-manual-of-diseases-of-eucalyptus-in-south-east-asia.pdf)

Release the water pressure in the supply hoses refer to Page 29. Drain any residual washing solution refer to Page 28. Disconnect the washing machine from the mains. Dismantle the supply and drainage hoses. Most of us tend to glance through the manual when we first get our spanking new machine and experiment a little with the settings, then end up picking a couple of settings to stick with forevermore. All the different buttons, symbols and timings might seem daunting, but it's worthwhile to know how to make the most out of your washer dryer to save you time, energy, money and also, wouldnt you want to take the best care of your clothes You can also use this function to

wash out stains, just be sure to first try removing the stain while it's fresh by dabbing it with a bit of soap water before popping it in the wash. It pretty much guarantees that you'll never have to wash any laundry by hand ever again. To keep things simple, here are 5 easy to remember categories  
Cottons Standard washing programme for textiles made of cotton or linen EasyCare For textiles made of synthetic materials or blended fabrics Mixed Load For washing natural and synthetic textiles together in a single load HygieneCare Pretreat dry laundry by hot air followed by a low temperature washing cycle to achieve the most hygienic wash results for nondelicate fabrics. Drum Clean To maintain the hygiene of the washer drum and remove residual lint. Materials such as wool or silk may be on the nono list, but its good to check the labels and make a mental note of items that cant go in the dryer. There are two different types of drying programmes Gentle and Intensive so pick the one that suits your needs. Regular cotton items or lighter clothing would be more appropriate for a Gentle Dry, while towels and sheets would be better suited for Intensive Dry. Now that you know all that your washer dryer can do, I bet you can't wait to try out a new setting with your next load of laundry!

As a general rule of thumb, always follow the temperature and wash programme selection instructions on the care label to keep your clothes in tiptop condition. A dishwasher washes dishes and utensils both quickly and precisely, giving you the luxury of relaxing at home without having to worry about washing up after your meals. The best way to reduce water and energy usage is to simply learn how to operate home appliances such as your washing machine in a resourceefficient way. Here are 4 easy steps to get you started.
